April 4th, 2013

To the Citizens of the City of Nehalem:

It is my privilege to present to you the Fiscal Year 2013-2014 Budget for the City of Nehalem. The Annual Budget serves as a guide for both services and finances for the Fiscal Year beginning July 1st, 2013 and ending June 30th, 2014; and is the most comprehensive operating policy adopted by the City of Nehalem.

THE BUDGET DOCUMENT

The FY 2013-2014 Budget is presented here on a Fund-by-Fund basis, detailing resources and requirements for the last three Fiscal Years (including the current Year) as well as the proposed levels for Fiscal Year '13-'14 in all Funds of the City. These details provide an indication of the resources and requirements the City has experienced in the past, in relation to the current and proposed Fiscal Year's Budget.

FISCAL YEAR 2013-2014

The Budget for FY '13-'14 totals \$2,454,652, an increase of 64%, or \$899,710 from FY '12-'13. This increase can be mainly attributed to the planned City Hall project which is budgeted at \$525,000, for the coming Fiscal Year, and \$490,069 in Unappropriated Ending Fund Balances (monies in the budget, but not budgeted to spend). Overall operation costs, excluding the City Hall project, have actually been reduced by \$104,326. With continued strict fiscal oversight and the continued benefits of the 2006-2008 Water Distribution Project, the City is continuing to succeed in operating as efficiently and effectively as possible, given our limited resources. This is no small feat, considering that so many other jurisdictions across the state and in fact the nation continue to face very difficult decisions trying to balance their budget, yet still serve the needs of their citizens.

Property taxes estimated to be received total \$47,000 and include monies to be received from FY '13-'14's levy (\$45,000) and monies owed from previous tax years (\$2,000). Total property taxes equal less than 1.0% of all Resources for FY '13-'14, and comprise 42% of all Resources in the General Fund.

With very few exceptions, overall requirements are held to the same or less amounts as in FY '12-'13. The largest categories of Requirements include monies Reserved for Future Expenditure (20%, of that amount, 54% is in the Timber Fund while another 41% is related to the Water System). This budget also includes a 2.5% Cost of Living Adjustment for personnel. However it should be noted that changes in staffing requirements have resulted in an additional savings of \$31,178 in that category over the previous fiscal year. Also it should be noted that the City moved to a new Preferred Provider medical insurance plan in FY '11-'12 that has already netted a substantial savings to the City. While total insurance/benefits costs for the City is expected to increase by 8.9% this coming year, the City should see a savings of \$7,692 in health insurance costs as a result of staffing changes. However this figure could change once the full effect of the new insurance laws are known.

Budget Message (cont.)

Non-routine Requirements include: Within the General Fund –\$14,000 to continue the Police Services contract with the City of Manzanita for supplemental patrols within the City, \$7,500 to codify the City's Ordinances and a \$5,000 contingency fund that will allow the City to transfer funds, only if necessary, without the expense of a Supplemental Budget; Building Reserve Fund - \$525,000 for a new City Hall and Council Chamber. There are no other Capital Expenditures in this budget.

Fees, Charges & Monetary Penalties in FY '12-'13

While this Budget does not include any planned increases in fees, charges or monetary penalties or the establishment of new ones, the City may periodically review its fees, charges and monetary penalties within this Fiscal Year to ensure their applicability, equity and fairness, which could result in a future modification of such fees, charges and monetary penalties and their subsequent impact on this and future Budgets. While Water Rates are expected to remain unchanged in FY '12-'13, it is expected that staff will review the rate of return of water rates versus current and projected expenses which may result in an adjustment being made prior to the end of this coming Fiscal Year.

Statement of Indebtedness

The City entered into a Loan Agreement with the Oregon Infrastructure Finance Authority's Safe Drinking Water Revolving Loan Fund on June 16th, 2006, for \$3.25 million, repayable over 30 years at 1% interest, to replace aged and broken water lines. The City has no plans to issue any further debt or enter into any Loan Agreements in Fiscal Year 2013-2014.

It has been my privilege to present to you the Fiscal Year 2013-2014 Budget. Thank you.

Respectfully submitted,

Dale Shafer, City Manager
